

POINT SYSTEM

The 4-H Fair will use a point system for calculating premium payments. For example: A first place in Food Department Class A, Lots 1, 2 and 5 yields a total of fifteen points. If the total number of points for all exhibitors at the Fair was 5,000 points, and the total premium money available for the year was \$5,000.00, then each point would be worth \$1.00. Fifteen points then would be worth \$15.00 in premium payments. Premium checks are generally issued in early December following the Fair each year. PLEASE NOTE: The dollar amount awarded for each premium point is set each year following the Fair; it is possible that the premium points could be less than \$1.00 per point. Due to budget constraints and lower amounts of State Funding that is available, each premium point is currently worth only \$.50.

*Premium checks must be cashed by June 30th of the year following the fair for which they were issued, or they will no longer be honored or re-issued by the fair.

DEFINITIONS TO NOTE

FITTING and SHOWMANSHIP is a term which describes two aspects of the judging of livestock projects.

- Fitting Classes measure the "quality and condition" of a project. A 4-H'er helps the animal develop its potential for future use through care, grooming, diet, exercise and training.
- Showmanship Classes measure the skill the 4-H'er has developed in showing the animal's best features.

STATIC EXHIBIT is a term which describes a non-animal exhibit. The quality of the exhibit is judged by a modified Danish system.

MODIFIED DANISH SYSTEM OF JUDGING: Each exhibit receives a 4-H Fair Ribbon; blue (excellent), red (very good) and white (good). In this initial judging each exhibit is judged on its own merits. Exhibits which initially receive a blue (excellent) ribbon are then judged for first, second and third place ribbons in each lot. Thus, a first place exhibit would receive a blue Danish ribbon and blue First Place ribbon. A second place exhibit would receive a blue Danish ribbon and a red Second Place ribbon. A third place exhibit would receive a blue Danish ribbon and a white Third Place ribbon. Exhibits which receive red or white Danish ribbons are not eligible for premiums.
